'SAVE OUR POST OFFICE'

The recently modernised Post Office at 213 High Rd which is threatened with closure

The Post Office is threatening to close this local Post Office

This would leave us with the overcrowded George Lane office. The only post office between Broadmead Rd and Wanstead High Street !

Where will that leave older people, those with mobility issues, young mothers with children . Local small business rely on the local post office for essential services.

The population of Church End is growing rapidly, because of the hundreds of new homes being built.

The closure proposals ignores the needs of residents. We need a better post office service not closures.

What the Post Office Consultation is about.

They are consulting us about their plans to close the Post Office at 213 High Rd by June 2008 at the earliest. Asking us what we think about it.

They are giving us until 2nd April to comment on their plans.

Local residents and groups like the Chelmsford & Derby Road Neighbourhood Watch are joining the campaign

What we can and must do now.
Write or email the address we have given below straight away.

Just tell the National Consultation team why you think our local Post Office should be kept open.

Please don't leave it to others.
